

PAPER WILL BE PUBLISHED BY HIGH SCHOOL

The high school is about to publish a school paper in which the best essays, orations and stories by the students will appear. It will be edited and managed by the student body. It will appear every six weeks. It will cost you only 50c a year if paid for in advance. The students will ask you to subscribe. Do not turn a deaf ear to them. Lay aside 50c and help the school paper. Several hundred copies will be printed, so all who wish to know what the students are doing may do so by subscribing for the school paper. Help boost, won't you? You will also readily see that it will be impossible to print a 30-page paper or more, and sell the paper at that price, hence we must have a liberal support from the business men of Tonopah for advertising space, through which we shall be able to give you an up-to-date school paper. This paper will be exchanged with all the other high school papers of the state, as well as with high schools of other states, thus letting outside people know what we are doing in an educational line in Tonopah, as well as in a business line. Every business firm ought to take a page or part of a page in this paper. Every professional man ought to place a card with us for the benefit of the schools. All other high schools of note publish their paper. Will you help us in placing the Tonopah high school in the front rank? We shall endeavor to make this the banner year for the Tonopah schools. We can only do this with the co-operation of the patrons and friends of the school. Visit the schools and encourage both teachers and pupils and then boost!

LOCATE QUICKSILVER CLAIMS.

Five cinnabar claims have been located in the lone hills, Nye county, 35 miles northwest of Manhattan, by E. B. Learned, who is out in the interest of the Sierra Nevada Prospecting company. Mr. Learned writes that on two of these claims good ore shows and the rock will pan well from the surface. One claim was located on account of a spring of excellent water which it embraces. Mr. Learned writes that doing location work on cinnabar ground in that country is worth \$10 a day.

PIOCHE METALS TO RESUME.

Arrangements are being made for resumption of work at the Pioche Metals properties out from Pioche. The company put a shaft down to a depth of 300 feet and stopped work for a time. Now the owners have decided to resume work, and while the plans of development have not been fully decided upon, it is probable that sinking will be resumed.

THE TONOPAH LUMBER CO. has the largest stock of all kinds of lumber—mining timbers and building material; wholesale and retail. Mining timbers a specialty. 8-9-tr

SCHOOLS WILL MAKE MUCH MORE RAPID PROGRESS

Beginning next Monday, the schools will begin work with new force. The books will all be on hand so that pupil and teacher may do more effective work. Every teacher is doing her best, and with the united efforts of the pupils, will determine to make this the banner year, not only attendance, but in actual work done.

Parents will be urged to visit the school, get acquainted with the teachers, and help them to make this an enjoyable school year. We expect to have a special parents' visiting day each month, when the pupils' best works will be exhibited, so that parents may see what their children are doing. Watch for the announcement and plan to spend an afternoon at school. The following are those who have been neither tardy nor absent for the week:

High School.

Maggie Holmes, Leslie Wardle, Will Wilson, Florence Gomm, Austin Wardle, Harold Bowler, Vera Campbell, Eveline Collins.

Sixth Grade.

Clarence Byrne, Jennie Clendenning, Helen Clendenning, Grace Fowler, Edith Joyner, Henry Lamb, Dorothy Maret, Inez O'Connell, Normal O'Brien, Lila Quick, Louis Frabert, Logan Butler, Blanche Collins, Cletus Court, Jane Johns, Lucile Mannix, Flossie Murtion, Eulacta Pohl, Goldie Thraillkill, Willie Turner, Georgie Bennet, teacher.

ANOTHER ARTESIAN WELL.

A 20-inch flow has been secured in the first well tried by the Las Vegas Irrigated Fruit Lands company at a depth of 500 feet. This is the well which was reported a couple of weeks ago as having only a small flow at the contract depth of 400 feet. After some consideration the company decided to go deeper, with the above announced satisfactory result.

ED WHEECE—Keeps all kinds of clear and common lumber; hay and grain. 8-18-1m

Satisfaction That's Mutual.

Have you ever noticed the pride that lights up a woman's eyes when she shows her first baby to a man she once rejected? It's satisfaction only equaled by the glow in the eyes of the man as he contemplates the offspring.—Philadelphia Inquirer.

CONSOLIDATED AUTO COMPANY. Carrying United States mail and express makes daily trips from Tonopah to Manhattan and Round Mountain. Cars leave Tonopah daily on arrival of mail and leave Manhattan at 2:30 p. m. W. C. HARDING, Agent.

COOL WATER IN THE HOT SUN

APPELL'S South African WATER BAG

Keeps water cool 48 hours or longer, in sun or shade; great boon to prospectors, surveyors, sportsmen, stockmen, farmers, teamsters, anyone exposed to dry or warm weather. Used by U. S. Gov't. Strong, light, easy to carry. Guaranteed.

This Letter Typifies the Attitude of All Users

Gentlemen: While in Nevada recently I had occasion to drink out of one of your South African Water Bags. Water from the bag certainly tastes good on the desert. We used one of your 25 gallon bags and the water remained cool all day, even though the temperature was over 100 in the shade, and in the morning I found the water sparkling and as cold as ice water. It certainly is a boon to those living in the arid regions.

Yours Sincerely, W. E. WIDER

FAMILY POLITICS.

Father's a republican. Ma's a suffragette. A democrat's the only man. Far Uncle Jim, you bet. Aunt's a prohibitionist. Says that drink's a crime; And our new baby, he is just Insurgin' all the time. —Washington Star.
